

Attention Washington County Public School Students and Families!

You may be eligible for

DISCOUNTED HOME INTERNET SERVICE!

Antietam Broadband understands how critical broadband Internet access is to the learning and development of a student. That's why Antietam Broadband is partnering with Washington County Public Schools to help up to 1,000 families get:

- Go Fast 10Mbps high-speed Internet access for \$15 per month guaranteed for one year!
- FREE professional in-home installation!
- FREE home WiFi access included!
- Service will be available to families throughout the summer as well as during the months when school is in session.

There are no strings attached. WCPS and Antietam Broadband are equally invested in helping students develop further by providing Internet services for student development needs in homes where it may not be currently available.

To qualify for the program, families must reside within Antietam Broadband's servicable area, have a student residing in the home who attends Washington County Public Schools, and have not had Internet service with Antietam within the past six months.

Please fill out the form below and return it to your child's teacher if you are interested in participating in this program and to see if you qualify.

WASHINGTON COUNTY PUBLIC SCHOOLS

Section 9(b)(6)(A) of the NSLA (42 USC 1758(b)(6)(A)) authorizes the limited disclosure of children's free and reduced price meal or free milk eligibility information to specific programs or individuals, without prior parent/guardian consent. Except that, the parent/guardian must be provided the opportunity to decline to share eligibility information prior to the disclosure for identifying children eligible for benefits under or enrolling children in the State Medicaid Program and the State children's health insurance program. Additionally, the statute specifies that for any disclosures not authorized by the statute, the consent of children's parents/guardians must be obtained prior to the disclosure.
